## Academic Positions

### MRC Biostatistics Unit, Cambridge University

Cambridge, UK

Research Associate

Sep. 2021 – Present

I work within the Precision Medicine and Inference for Complex Outcomes (PREM) group with Dr. Brian Tom and Prof. Sylvia Richardson. I am part of the “STEpUP OA” collaboration, led by the Kennedy Institute at Oxford University, that aims at identifying molecular pathways of osteoarthritis (OA). From a methodological side, I am currently working on issues related to variable selection and outcome prioritisation in outcome-guided Bayesian clustering.
